CITY COUNCIL AGENDA
Tuesday, January 19, 2016
7:30 p.m. – Council Chambers 1st Floor

1. MEETING CALLED TO ORDER
2. INVOCATION Followed By PLEDGE OF ALLEGIANCE
3. ROLL CALL
4. ITEMS REMOVED/ADDED/CHANGED
5. CONSENT AGENDA:

(The consent agenda is made up of items recommended by city staff or council subcommittees which require approval. This agenda is placed as a separate item on the overall City Council agenda. The items on the consent agenda usually have unanimous committee support and are voted on as a "package" in the interest of saving time on non-controversial issues. However, the Mayor or any council member may, by simple request, remove an item from the consent agenda to have it voted upon separately.)

Accept and Place on File

- A. Committee of the Whole Minutes for December 15, 2015
- B. December 2015 Building Report
- C. Plan Commission Minutes from November 18, 2015

Approvals:

- E. January 1, 2016 Payroll \$678,674.95 and January 15, 2016 Payroll \$838,764.51
- F. Accounts Payable Check Register \$3,902,190.97
- G. **RESOLUTION 16-05-R:** 2016 Ford Truck Chassis for \$43,694.00 (Scott Haines 1/4/16
COW 1/12/16 11/0)CS

Documents: [COW 15-12-15M.pdf](#), [Building Activity December 2015.pdf](#), [PC ZBA 11-18-15M.pdf](#), [Res 16-05-R Truck Purch.pdf](#), [16-01-19 AP Totals.pdf](#)

6. **MATTERS FROM THE PUBLIC: (For Items NOT On The Agenda)**
7. **MAINSTREET MINUTE**
8. **APPROVAL: Water Street Studios--2016 Class F Liquor Licenses And Waive Fees (Chief Schira 1/15/16)**

Documents: [WSS 2016 Year Long Class F Liquor License - waive fee.pdf](#)

13. **OTHER BUSINESS**

14. **MAYOR'S REPORT**

15. **CLOSED SESSION:**

- a. Purchase and Sale of Electric Power
- b. Collective Bargaining

16. **ADJOURNMENT**

Individuals with disabilities should notify the City Administrator's office at 630-454-2053 if they have a disability which will require special assistance or services and, if so, what services are required. This notification should occur as far as possible before the City-sponsored function, program, or meeting.

MINUTES
December 15, 2015
Committee of the Whole
City of Batavia

NOTE: These minutes are not a word-for-word transcription of the statements made at the meeting, nor intended to be a comprehensive review of all discussions. They are intended to make an official record of the actions taken by the Board and to include some description of discussion points as understood by the minute-taker. They may not reference some of the individual attendee's comments, nor the complete comments if referenced.

Chairman Brown called the meeting to order at 7:30 p.m.

1. Roll Call

Members Present: Brown, O'Brien, Callahan, Mueller, Botterman, Cerone, McFadden, Fischer, Wolff, Stark, Thelin-Atac, Chanzit, Hohmann and Russotto

Members Absent: Fischer and Stark

Others Present: Mayor Schielke; Bill McGrath, City Administrator; Wendy Bednarek, HR Director; John Dillon, Superintendent Water Division and Cheryl Shimp, Recording Secretary

2. Approve Minutes for July 28, November 24, December 2, and December 8, 2015

Motion: To approve the minutes of July 28, November 24, December 2 and December 8, 2015 as presented.

Maker: Mueller

Second: Russotto

Voice Vote: 12 Ayes, 0 Nays, 0 Absent. All in favor. Motion carried. **CONSENT AGENDA**

3. Items Removed/Added/Changed

None

4. Matters From The Public (For Items Note on Agenda)

None

5. Resolution 15-153-R: Adoption of 2015 Kane County Natural Hazards Mitigation Plan

Ald. Wolff stated that this plan covers natural disasters such as tornadoes, floods, fires, and incidents such as these. On November 19, 2015, Kane County informed the City that the Plan had been approved by the Federal Emergency Management Agency (FEMA). The next step is for the City to adopt the Plan. Inquiries were made as to how the recommendations would be implemented. Unknown if it would be through ESDA, Fire Department, etc. or if the City has to conform to their plan at all, as the City currently has its own emergency plan. A brief discussion was held on why the City needs to adopt the plan, concepts of the plan, etc. Will table this issue to the first COW meeting in January when Gary Holm is available to answer questions and concerns.

Motion: To table Resolution 15-153-R: Adoption of 2015 Kane County Natural Hazards Mitigation Plan to the first COW meeting in January 2016.

Maker: Hohmann

Second: Callahan

Voice Vote: 12 Ayes, 0 Nays, 2 Absent. All in favor. Motion Carried. Table to the first meeting in January 2016 (January 5, 2016).

6. Task Order With Trotter Associates for WWTF Design

O'Brien stated that Staff is looking into other options for construction and have asked to table the item to another meeting.

Motion: To table the Task Order with Trotter Associates for WWTF Design.

Maker: O'Brien

Second: Hohmann

Voice Vote: 12 Ayes, 0 Nays, 2 Absent. All in favor. Motion carried. Item will be tabled to the second meeting in January 2016. (January 12, 2016)

7. Resolution 15-152-R: Authorizing Purchase of New Chlorine Generator at the Water Treatment Plant

O'Brien reported this is a resolution to purchase a new chlorine generator. This item was recently discussed with Engineering Enterprises and the City is waiting to work out the contract details. Dillon reported that Staff has been working to negotiate a price and have concluded that process. This price includes an extended warranty on the equipment. As the negotiated price came in under budget, Staff was able to include some additional options in the package and believes it is a good deal for the City. Staff is asking to waive the formal bidding process and authorize the purchase of this equipment from Parkinson Corporation of Fort Lauderdale, Florida for an amount not to exceed \$247,416. It was noted that \$300,000 was originally budgeted in 2015 for this purchase. The remaining budget monies will be used for installation and contractor fees as needed. Dillon reported that Staff would like to order this equipment as soon as possible so they may have it up and running by summer 2016.

Motion: To make recommendation to City Council to waive the formal bidding process

Maker: O'Brien

Second: Wolff

Voice Vote: 12 Ayes, 0 Nays, 2 Absent. All in favor. Motion carried. **REGULAR AGENDA**

Motion: To recommend approval to the City Council of Resolution 15-152-R: Authorizing Purchase of a Maxim OS Sodium Hypochlorite Generator from the Parkinson Corporation of Fort Lauderdale, Florida for an amount not to exceed \$247,416.

Maker: Wolff

Second: Cerone

Voice Vote: 12 Ayes, 0 Nays, 2 Absent. All in favor. Motion carried. **REGULAR AGENDA**

8. Ordinance 15-64: Amending Portions of the Batavia Municipal Code Title 1, Chapter 5

Atac stated this ordinance is necessary to allow the City's Attorney to complete the certification for the bond refunding and the only changes are in renumbering. There are no changes in the verbiage.

Motion: To recommend approval to the City Council of Ordinance 15-64: Amending Portions of the Batavia Municipal Code Title 1, Chapter 5
Maker: Wolff
Second: O'Brien
Voice Vote: 12 Ayes, 0 Nays, 2 Absent. All in favor. Motion carried. **CONSENT AGENDA**

9. Streetscape TIF

McGrath reported that work is still being done on the sprinkling system and lights on Houston Street. While conducting the installation of the lighting at the Art Stop Parking Lot, contractors hit bedrock so heavier equipment will be needed to complete the project.

10. Project Status

McGrath reported that at the City Employees Holiday Luncheon today, City Employees donated \$792.00 to the food bank as well as a large truck full of canned goods. McGrath and Aiston are working on a project on East Wilson Street, the Craig Foltos property, trying to work out a pro forma to see what numbers will look like before a formal request is presented to the City. This includes determining what the value of the project may be. No details, as of yet, on the Baptist Church property. Staff has attempted communication with the Larsen Becker holders reference status of the property. The property is currently vacant and Staff would like to begin communications reference using this space temporarily for public parking and/or a portion for the bike path to give bicyclists another option in order to avoid the stairs. Aiston is working on relocation of the incubator business, which wants to relocate to a larger space. Aiston is also working on attempting to find a location for a bakery wanting to come into town. McGrath reported that he took a tour of the old Stosh's Barbershop, which was originally a theatre. New owners are currently fixing up the rental units and are looking to set up some sort of art studio in the rear of the building and leasing out the front. Believes there should be some nice things happening to this building. Still working with Gaetano's reference their electrical issues. There is the possibility of a couple spec buildings in the industrial park. Aiston is trying to put the developers together with some potential businesses in town, which have indicated that they are looking to expand. The Fire contract is on hold pending additional research before further mediation. The elevator repairs are going very smoothly. Complimented Kevin Maloney on his assistance with the project. The elevator should be complete on Friday (December 18) pending inspections.

Schielke reported that the consultant hired to find a new City Administrator has held several meetings with Department Heads, Main Street, Chamber of Commerce, etc. Another meeting will be held at the end of the week for all those unable to attend the previous sessions. A detailed report should be available after the first of the year. Meetings will then be scheduled with Council members (2-3 hours) to discuss the results and obtain the Council's input. A final profile will then be developed and advertisements will begin for the new City Administrator. McGrath reported that a Healing Arts Business is expanding and moving to the old Gunther Building. It was noted that retail is part of this business. Staff is still working on the Comcast agreement. The Comcast store is now open. A ribbon cutting ceremony is scheduled for the second week in January.

Schielke reported that the new ownership of River's Edge has taken over and Bar Evolution is still working on upgrading and remodeling their space. Schielke further reported that he has received several communications from the gas stations in Batavia wanting the City to revisit the issue of their ability to sell alcohol. There are approximately 5 gas stations that would be affected by this change. Discussion continued on the pros and cons of selling alcohol at gas stations to include: easy opportunity for juveniles

to obtain liquor, criminal incidents at gas stations, would additional revenue be realized when there are currently over 33 locations to purchase liquor, etc. Schielke stated that the Batavia Police Department does a semi-annual compliance check on liquor license holders. The most recent compliance check warranted two (2) establishments failing. It was noted that this is the second failure for one of the establishments. Fines have been issued and if additional failures are realized, liquor hearings will be conducted. Fine monies are used for donations to the Batavia High School Post-Prom.

11. Other

None

12. Closed Session: Acquisition of Real Property

Motion: To enter into Closed Session
Maker: O'Brien
Second: Hohmann
Voice Vote: 12 Ayes, 0 Nays, 0 Absent. All in favor. Motion carried.

The Committee entered into closed session at 8:02 p.m.

Motion: To return to Open Session
Maker: O'Brien
Second: Callahan
Voice Vote: 12 Ayes, 0 Nays, 0 Absent. All in favor. Motion carried.

The Committee returned to Open Session at 8:13 p.m.

15. Adjournment

There being no further business to consider.

Motion: To adjourn the meeting at 8:14 p.m.
Maker: O'Brien
Second: McFadden
Voice Vote: 12 Ayes, 0 Nays, 2 Absent. All in favor. Motion Carried.

The meeting was adjourned at 8:14 p.m.

Minutes respectfully submitted by Recording Secretary, Cheryl A. Shimp

5. Public Hearing: Variances for Parking for Park & Sons Auto Repair, 403 East Wilson Street (NE Corner of Prairie Street) Kiho and Cristina Park, applicants

Motion: To open the Public Hearing

Maker: Peterson

Second: Joseph

Voice Vote: 5 Ayes, 0 Nays, 1 Absent
Motion carried

* Schneider entered the meeting at 7:01pm

Strassman reported City staff has been working with Kiho and Christina Park, owners of Park and Sons Auto Repair to address ongoing parking and landscaping code compliance issues. The

2005 conditional use and design review that approved this use specified that vehicles be parked only in striped spaces and mandated landscape planters along the north, west, and east property lines. Staff has been seeking compliance to limit parking and to provide the planters per the 2005 approval.

To help the business and code compliance, staff suggested the Parks seek variances to allow additional striped parking spaces and an alternate landscape treatment. The proposed variances to allow a narrower drive aisle and omit the required end landscape island will allow for 3 additional parking spaces along Wilson. The 2005 approval specified large concrete landscape planters; the Parks are seeking to replace these with smaller ones that can be taken away for snow removal operations.

In support of their requested variances, the Parks state:

- The odd lot shape makes it difficult to provide the required parking geometry
- Landscaped islands would make snow removal difficult and tow truck maneuvering nearly impossible
- Site use would not change – there have been no neighbor complaints

The success of the Park & Sons has created the need for more parking. While the business complied with the code in 2005, the current code requires 10 spaces. The proposed site plan would bring the business closer to the number of spaces required. The requested drive aisle width variance would establish the width often available, and proposes to provide parking where vehicles are usually parked.

Narrow aisles can create problems for customers, but typically, an automobile repair business has employees moving vehicles into and out of parking spaces. The Batavia Fire Department states the variance requests have no effect on emergency response since they would not enter the site today due to the existing drive aisle configuration. Staff supports the requested parking lot geometry variance as shown on the proposed site plan. Due to the limited space available, staff also supports the omission of the end landscape island. Providing the island would result in the loss of a parking space and further reduction of the drive aisle width, making tow truck maneuvering more difficult. The plan proposes adding perimeter planters that, in staff's opinion, meet the spirit and intent of the original conditional use approval. Staff feels removal of the planters as proposed for snow clearing is reasonable.

Strassman reminded the Zoning Board of Appeals (ZBA) of its obligation to consider all information submitted by the applicants and provided by staff, together with the information given at the public hearing. The ZBA must determine if the required variance Findings for Approval have been met as demonstrated by information that addresses the Findings.

To address Finding A, staff believes the configuration of the property is unique. The angle of the south property line results in inefficient use of some lot area evidenced by wider drive aisle at the west end and a narrower to the east. The requirement of an end landscape island was added by the City long after Park & Sons was established. Other properties with a more rectangular configuration developed when the landscaped islands were not required do not have to add the

islands to use existing paved areas for parking. Staff believes that the ZBA can find in the affirmative for Finding A.

To address Finding B, staff notes that while the decision to create the subject property in that configuration and to locate the building, curbing, and parking as existing was established by some owner of the property, the City had no parking requirements in the Zoning Code in effect at the time of initial development. The property use has included vehicle service since before parking requirements were established. Staff believes that the ZBA can find in the affirmative for Finding B.

To address Finding C, it should be noted that automobile repair businesses keeping customers' vehicle is a requirement of the business. The best way to keep vehicles safe is to keep them on the premises. Public parking in the immediate vicinity of the site is very limited. Staff believes that the ZBA can find in the affirmative for Finding C.

To address Finding D, this is a uniquely configured property and having been developed before parking requirements were established justifies allowing reduced parking lot geometry and omission of a landscaped island. Additionally, the business operates differently than most businesses in the manner in which it parks vehicles. Staff believes that the ZBA can find in the affirmative for Finding D.

To address Finding E, this property would essentially function with the variances as it has done for several years. The City has received no neighbor complaints about this business. Staff believes that the ZBA can find in the affirmative for Finding E.

In discussing the requested variances, the ZBA can consider limiting the requested variances for the drive aisle width and omission of the landscaped island to be applicable only to continued use of vehicle services. Staff notes that parking wheel stops exist on site and should be provided for all spaces. Staff recommends the ZBA open, conduct, and close the public hearing. After considering all the information presented at the public hearing, the ZBA must decide if it can find in the affirmative for each finding, and make a motion for action on each. Staff notes that its opinion on each finding is based on the information available prior to the hearing; new information may be presented this evening.

For the ZBA recommendation to the City Council, staff recommends approval of variances to Section 4.205 to allow parking spaces and access aisles not meeting the minimum dimensional requirements and to Section 4.211 to omit the required end landscape island between the east parking space and drive aisle, in substantial conformance with the proposed site plan, and subject to:

1. Revising the site plan to add parking lot wheel stops as approved in Ordinance 05-03;
2. Revising the site plan to add wheel stops for all proposed parking spaces, on the private property and in line with those approved in Ordinance 05-03;
3. Variances shall be null and void for any business other than vehicle services and before any other use is established, the property owner shall restore the parking lot to a conditions meeting the requirements of the Zoning Code; and

4. All planters may be removed from the site to facilitate snow removal. Planters shall be removed no earlier than November 1 each year, and replaced no later than April 1 of the following year.

Joseph asked about the planters on the east side on the proposed site plan. Strassman answered that the City would like the same amount of planters that was approved in 2005. The applicant is looking to provide more planters but smaller that could be easily removed. LaLonde asked about parking. Strassman stated that no parking has been added since the plan was approved in 2005. City staff was seeking removal of parked vehicles from the area not marked with parking spaces.

LaLonde welcomed the applicant to address the Zoning Board of Appeals and swore-in those who wanted to speak. Steve Vasilion, Vasilion Architects, addressed the Board. He stated that over time, using the concrete planters was not a feasible solution for the applicants. They need the maximum amount of moving space. The suggested planters are metal and they would like to duplicate a similar size and purchase additional ones if needed. There are no problems with the wheel stops. The way that we are proposing the site plan is exactly the way the Parks are using the site since they have been here. They all function efficiently. Vasilion shared that the Parks do a lot of free services for seniors, veterans and single moms. Not having the extra spaces would curtail their ability to provide these sorts of services. They are not servicing the vehicles in the parking stalls. All servicing of vehicles happens in the facility.

Vasilion continued that in addition to the planters, they have done a significant amount of landscaping outside of their property lines. They have been good citizens and good neighbors and this solution makes sense. The Parks want to get it fixed and done right. They are happy with anything between 15 to 18 foot lengths for parking. The Board discussed parking, fire department access, and the landscaping. Schneider stated that he has no problem with what is proposed whatsoever and does not see any adverse effects.

Chris Evans, 738 Nordic Court, announced that he has been a Batavia citizen since 1977 and has been a customer since they were established. This property is in the best shape since he has been in town. It is better now than it has ever been. It is a prospering business. The property at night is tidied up and neat. He would like to see what the City could do to support this local business owner and keep him in town.

LaLonde asked if there was anyone else who wanted to speak. There were none.

Motion: To close the Public Hearing

Motion carried.

Peterson stated that the landscaping has been kept up so beautifully and it is a very nice looking business. Any improvements, which she thinks these are, are welcome. Harms stated that she walks by with her dog every morning and she appreciates what was done to the property and how nice it is. LaLonde recalls what was there previously and it is a vast improvement. There is

a nostalgia that comes with this property and the building was kept and improved upon. Cristina Park stated that they intentionally tried to keep the building in its original form, and are accepting of staff's recommendation. LaLonde noted that if we were to make them put the planters in there would be a lot of effort to maintain those planters.

Motion: To approve all five findings of fact in the affirmative as recommended by staff

6. Public Hearing: Amendments to the Text of the Zoning Code.

1) Chapter 5.7: Amendments to the Zoning Code Text or the Official Zoning Map

**2) Chapter 5.8: Amendments to the Comprehensive Plan Text or Map
City of Batavia, Applicant**

Motion: To open the Public Hearing

Maker: Joseph

Second: Harms

Voice Vote: 6 Ayes, 0 Nays, 0 Absent

Motion carried

Rackow distributed a handout of draft amendments titled "Chapter 5.7: Amendments to Zoning Code Text or the Official Zoning Map". Rackow reported that legal counsel has advised the City to look at the findings for a zoning map amendment and bring in the LaSalle Factors for consideration during a Zoning Map amendment. Currently, with a Zoning Map amendment the only matter that is looked at is compliance with the Comprehensive Plan. Rackow discussed the

amendment process with the Commission. The Board discussed the court case that led to the formation of the LaSalle Factors. Strassman explained that if our decision is ever challenged in court it would be better for us to have gone through the LaSalle Factors than not.

Chair LaLonde asked if there were any members from the public that wanted to comment on this agenda item. There were none.

Motion: To close the Public Hearing

Maker: Harms

Second: Gosselin

Voice Vote: 6 Ayes, 0 Nays, 0 Absent
Motion carried.

Motion: To recommend to City Council amending the text of the Zoning Code to address the LaSalle Factors for amendments to the Zoning Map as per the draft presented this evening

7. Approval: Preliminary and Final Plat of Subdivision for Consolidation of Lots, East Side of Kirk Road at Giese Road

Mark Korso, LLC Law on Behalf of Fermi National Accelerator Laboratory, Applicant

Rackow reported that when Woodland Hills Unit 3 was subdivided, it created 57 lots on the east side of Kirk Road. The State of Illinois pursued those properties and bought them to be part of Fermi Lab. There was no formal action to get rid of the streets or parcels or setbacks and rights of way and they have existed on paper since 1968. Staff and the applicant would like to consolidate all the lots and vacate the rights of way so they would no longer exist. The action would create one lot and would be a Fermi lot within the City of Batavia. Our zoning controls would not apply to that property for lab activities. This parcel is north of where the proposed Neutrino project is and would not be affected in any way. Staff is recommending approval of the final plat of subdivision for consolidation of lots to the City Council.

Mayor Schielke questioned if the parcel would stay in the City limits or would the parcel be de-annexed. Rackow answered that the proposed actions would not de-annex the parcels. In staff discussions with Fermi Lab representatives indicated that Fermi Lab is okay with it staying in the City because it does not affect their jurisdiction either way. Mayor Schielke raised the question of who would have jurisdiction over this parcel if there were an emergency situation. He stated that he was hoping that the City would de-annex this parcel. Rackow stated that one issue to de-annex the parcel is that the City provides electric to the cell tower and de-annexing would remove it from our service area. Rackow stated that in terms of jurisdiction, he was discussing the land use and zoning standpoint, the parcel would remain within Batavia Police's jurisdiction with the requested actions. This requested action would address zoning conformity and

ownership issues. De-annexation would be a separate conversation with the City Council. The Board discussed the location of the parcel, jurisdiction, the proposed Neutrino project, and the proposed plat of consolidation.

Motion: To recommend to City Council approval of the submitted Plat of Consolidation as a Preliminary and Final Plat of Subdivision for Fermilab

Maker: Harms

Second: Joseph

Roll Call Vote: **Aye:** Gosselin, Harms, Joseph, LaLonde, Peterson, Schneider

Nay:

6-0 Vote, 1 Absent, Motion carried.

8. Other Business

Mayor Schielke announced Ed Weiss's resignation. The Commission commended Weiss on his work during his tenure on the Commission. Mayor Schielke stated that at the next City Council meeting he would announce Weiss's resignation and have a northeast quadrant representative placed on the Plan Commission.

Mayor Schielke reported on the progress on the new Walgreens. He stated that Walgreens would not close the old store until the new store opens. Mayor Schielke discussed Walgreens strong drive-through business. He added that the Panera Bread in that shopping center is interested in a drive through window.

Strassman reported on a future design review that the Plan Commission would be charged with for the drive through for a Dunkin Donuts at the Shell Gas Station on Batavia Avenue.

Mayor Schielke stated that the old Walgreen's building might be revamped into a grocery store. He noted that the Blue Goose Grocery Store of St. Charles Illinois is interested in opening another location in that space.

Harms asked about what is going on in the old Phips building. Albertson answered that the Healing Arts center will be moving across the street into that building. They would be occupying the Wilson Street level and the lower level.

Mayor Schielke stated that modifications may be made on Randall Road with a right-in-right-out for the Great Escape store location.

9. Adjournment

There being no other business to discuss, Chair LaLonde asked for a motion to adjourn the Plan Commission and Zoning Board of Appeals meeting. Gosselin moved to adjourn the meeting, Harms seconded. All were in favor. The motion carried. The meeting was adjourned at 8:43pm.

Minutes respectfully submitted by Jennifer Austin-Smith

CITY OF BATAVIA

DATE: January 4, 2016
TO: Committee of the Whole – City Services
FROM: Scott A. Haines, Street Superintendent
SUBJECT: Resolution 16-05-R: Authorization to Purchase a 2016 Ford F-550 Truck Chassis from Morrow Brothers Ford, Inc. for \$43,694.00

Summary

The Street Division is recommending the purchase of a 2016 Ford F-550 truck chassis through the State of Illinois Joint Purchasing Program for the Street Division of Public Works.

Background

This purchase is for a 2016 Ford F-550 chassis that would replace a 1999 Ford dump truck with plow and salt spreader that has 66,722 miles. The truck is used for daily operations including plowing roadways, parking lots, and cul-de-sacs. This purchase is for the chassis only. The dump body, hydraulics, salt spreader, and plow are included on a separate memo for a future meeting. The cost for the chassis is \$43,694.00. We plan to surplus the old truck when the new truck is delivered.

Summary of Cost

State of Illinois Joint Purchasing Program is the most cost-effective option.

Staff Recommendation

Staff recommends the purchase of a 2016 Ford F-550 truck chassis through the State of Illinois Joint Purchasing Program from Morrow Brothers Ford, Inc.

Recommended Committee/Council Action

Recommend the approval of Resolution 16-05-R, authorizing the purchase of a 2016 Ford F-550 truck chassis from Morrow Brothers Ford, Inc. of Greenfield, Illinois, in the amount of \$43,694.00

**CITY OF BATAVIA, ILLINOIS
RESOLUTION 16-05-R**

**AUTHORIZING THE PURCHASE OF ONE 2016 FORD F-550 CHASSIS
FROM MORROW BROTHERS FORD, INC. OF GREENFIELD,
ILLINOIS, FOR AN AMOUNT NOT TO EXCEED \$43,694.00**

WHEREAS, the City of Batavia has determined that it has the need for a replacement truck chassis for the Street Division; and

WHEREAS, it is in the best interest of the City of Batavia to purchase the truck chassis through the State of Illinois Joint Purchasing Program; and

NOW, THEREFORE, BE IT RESOLVED, by the Mayor and City Council of the City of Batavia, Kane and DuPage Counties, Illinois, as follows:

SECTION 1. That the Mayor and City Clerk are hereby authorized to purchase one Ford F-550 chassis from Morrow Brothers Ford, Inc. of Greenfield, Illinois, for an amount not to exceed \$43,694.00.

PRESENTED to and **PASSED** by the City Council of the City of Batavia, Illinois, this 19th day of January, 2016.

APPROVED by me as Mayor of said City of Batavia, Illinois, this 19th day of January, 2016.

Jeffery D. Schielke, Mayor

CITY OF BATAVIA

MEMO TO: William R. McGrath
City Administrator

FROM: Gary J. Schira
Chief of Police

DATE: January 15, 2016

SUBJECT: Liquor License Application for Batavia Artists Assn. NFP, Inc. at Water Street Studios For Gallery Openings on the second Friday of every month

The Batavia Police Department conducted an updated investigation and background check (Report #16-0964) to determine whether the corporation (Batavia Artists Assn. NFP, Inc./Water Street Studios), a not for profit corporation located at 160 S. Water St. and the Coordinator (Jaime S. Gutierrez) might be suitable to receive a 1-day temporary Class F liquor license in the City of Batavia for the following special events/gallery openings:

Friday, February 12, 2016	Friday, August 12, 2016
Friday, March 11, 2016	Friday, September 9, 2016
Friday, April 6, 2016	Friday, October 14, 2016
Friday, May 13, 2016	Friday, November 11, 2016
Friday, June 10, 2016	Friday, December 9, 2016
Friday, July 8, 2016	

All gallery openings to be held at the Water Street Studios, 160 S. Water Street from 6 p.m. to 9 p.m. We have found no problems which would preclude the corporation or coordinators from receiving a liquor license as of this date. Further, they are asking that all liquor license fees be waived.

Please place this item on the agenda for the Monday, January 19, 2016 City Council Meeting. Should you have any questions in this regard, please contact me.

CITY OF BATAVIA

DATE: January 14, 2016
TO: Mayor & City Council
FROM: Bill McGrath, City Administrator
SUBJECT: Fox River Status

We budgeted \$50,000 in the 2016 Budget to begin looking at the River and what are the issues involved to ensure that it remains as important to the community as it has been historically. That focal point has certainly changed in terms of moving from a power source to a geographical element and aesthetic feature that separates us from other communities. I won't get more philosophical or psychological, but I think we all know that there is some inherent natural relationship between humans and water.

In any event, at the money we have produces the attached exhibit as a primer. We are meeting with the Park District next week to talk about different approaches, but in the meantime, and especially since the agenda for Tuesday is very light, the Mayor thought it would be good to throw this out and start to hear concerns and priorities.

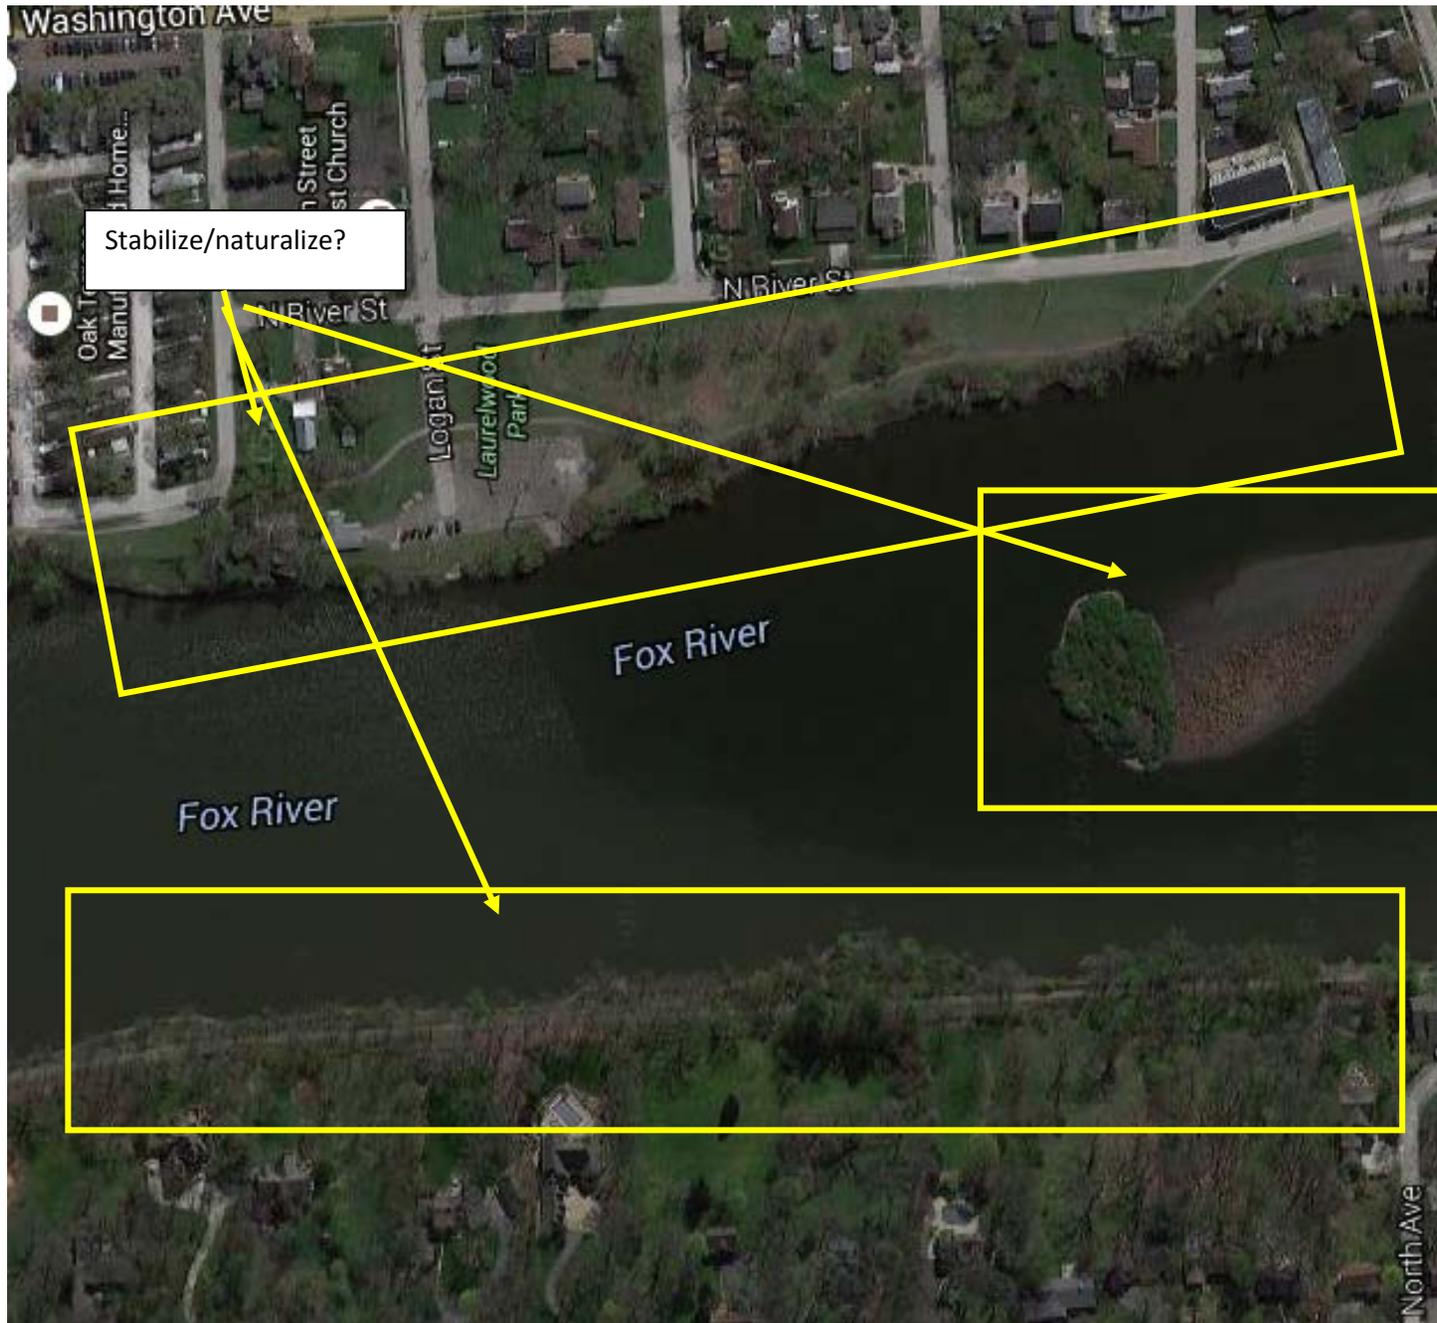

In terms of ways to address it, there are different ways, and we will bring more back to you soon. There is a basic retaining of a firm to lead the project, there is the process we used to site the waste transfer station, which is to create a citizens panel which staff and consultants educate to hold public conversations and make some kind of recommendation or reaction to the City Council. I'm sure there are more.

This matter will be on the January 19, 2016 Council agenda for discussion. We would appreciate your thoughts and insights.

Thank you
